

Objective statement:

I'm a high school student focused on architecture, math, and music. I've designed a community music hall that won first place in the AIA New Hampshire competition, studied architecture fundamentals in a six-week program at Cornell, and earned an architecture Scholastic Silver Key for a playground design. Outside architecture, I've written and published mathematical modeling research papers, qualified for AIME through AMC, and co-wrote an original song used in a Korean TV series and a McDonald's ad.

Architecture and Visual Arts

- Architecture club [2023-present]
 - Exeter has no formal architecture courses, so I participate in the club to meet practicing architects to hear their stories, visit active construction sites to explore real-world design, and sketch and build models of buildings around campus to develop my passion for architecture.
- AIA New Hampshire Architecture Competition 1st place [May 2026]
 - Designed the Arc Resonance Center, a community music building that reads as two semicircles radiating outward like sound waves, housing a performance hall and classrooms. Won 1st place and \$650 cash prize in the statewide AIA New Hampshire Architecture Competition.
- Art Scholastic Architecture and Industrial Design awards silver key [January 2026]
 - Designed a playground for Ithaca State Park around the concept of attraction and color, using bold hues to guide movement and draw people through the space. Recognized with a Silver Key in the national Scholastic Art & Writing Awards.
- Cornell Architecture Summer Program [June-August 2025]
 - Six-week course at Cornell University studying the fundamentals of architecture design and theory.
- Art Scholastic Photography awards bronze key [January 2026]
- Interned at drama film set design [August 2025]
 - Assisted the set design team of *Doctor on the Edge*, a Korean medical drama now streaming on Disney+. Sourced props and supported set builds, gaining firsthand experience in how spatial storytelling works in professional film production.
- Painting contest awards

STEM & Research

- Math club member [2023-present]
 - Weekly competition prep sessions focused on problem-solving and mathematical reasoning.
- Physics Club member [2023-present]
 - Two-three hours weekly preparing for the USA Invitational Young Physicists Tournament. This year, I collaborated with teammates to research the composition and physics of flash bulbs, running experiments and collecting data to build our group presentation. Placed third overall.

- Published math textbook [2026]
 - Wrote a math workbook for students, expanding on my experience teaching math at school to reach a wider audience; forthcoming publication.
- Research papers
 - Published a mathematical modeling paper on sand accumulation in shoes relative to shoe size on open-access journal; awarded 3rd Prize at the International Youth Research Paper Competition, presented by the President of the Education Association for Software Empowerment. [June 2026].
 - Two additional research papers in progress.
- AMC 12 A score: 96 [2025]
 - Qualified for AIME through AMC performance.
- AIME score: 5 [2026]
 - Invited competition for top AMC scorers nationwide.

Music and Performing Arts

- Played Flute for 10 years [2016-forever?]
 - Symphony Orchestra [2025-present]
 - Chamber music [2023-2025]
 - Concert band [2024-2025]
 - ABRSM Flute Grade 5 distinction
 - ABRSM Flute Grade 6 merit
 - ABRSM Music Theory Grade 5 distinction
 - Performed solo recital of Hypnosis by Ian Clark at Kukje Recital Hall [September 2024]
 - Performed solo recital of Syrinx and Hamburger Sonata at Kukje Recital Hall [August 2025]
- Radio show host [2024-present]
 - Host of '*More Than K-Pop*,' a radio show introducing American audiences to the diversity of Korean music beyond mainstream K-pop.
- Songwriting [2024-present]
 - Co-wrote '*When I Was Young*,' an original soundtrack for Korean web series *Boyhood* (소년시대), released on Coupang Play; later used in a McDonald's advertisement. Styled as a 1970s pop ballad written from a teenager's perspective, the song reached over 150K YouTube views within its first month.
- Acting [August 2023]
 - Appeared as an actor in *Boyhood* (소년시대), a Korean web series streaming on Coupang Play, the same production for which I co-wrote the original soundtrack.

Service / Leadership

- Hair donation [2016-present]
 - Donated hair three times over 10 years to provide free wigs for children with cancer and alopecia. Have kept my hair free of perms, bleach, and dye forever to ensure donation quality as a personal commitment.
- Student Listener [2025 - present]

- Selected to serve as a peer mental health support role in my dorm. Keep an open door weekly for dormmates to drop in; attend ongoing leadership training to support student wellbeing at Exeter.
- ISO mentor [September 2025]
 - Mentored a group of 70 new incoming international students to help adjust to the Exeter community and living in a new country.
- ESSO Flute [2023-present]
 - Tutor young students in flute through Exeter's student service organization, forming lasting mentorship bonds over multiple years.
- ESSO math [2025-present]
 - Tutor young students in math.
- Back to Bach [2025-present]
- Riverwoods [2023-present]
 - Performing music for people at Riverwoods, a local nursing home, bringing live music to elderly community members.
- Student council 9th grade rep [2023-2024]
 - Elected as grade rep for class of 2027. Helped plan class events.

Sports

- Girls who Lift [2023-present]
 - Cohead of girls only weightlifting club. Fostering a non-judgemental gym community for girls to confidently work out and have fun.
- Lifeguarding [2026-present]
 - American Red Cross certified lifeguard.
- Skiing [birth-present]
 - Certified skiing instructor. Volunteering as a teacher at a local alpine ski racing camp every winter.
 - I have been skiing since as long as I can remember. Raced alpine skiing and mogul skiing during elementary and middle school.
- Diving [2024-present]
 - Part of the school's varsity(?) diving team.
- Rowing [2024-2025]

Debate and Speech

- Debate club [2023-2025]
 - Debated Lincon Douglas format as well as British Parliamentary in school's debate clubs.
- Harvard Debate summer workshop [July 2024]
 - Lincon Douglas format debate workshop.
- Stanford debate tournament [February 2024]
 - Octofinalist at Lindoln Douglas format Stanford debate tournament.

Summer

- Interned at drama film set design

- Intended at SBS (radio + paris fashion week)
- Cornell summer program
- WTP
- HARvard debate
- Georgetown marketing/law

Awards

- Hoby

Special Skills/ Excetera

- French language exam medalist (silver, bronze two years)
- Fluent in Korean and English
- Knows how to use rhino well (3d modeling software)
- Good at adobe
-
